The actions of a day have faded into what will soon be the memories we will share tomorrow. These past four years have brought forth many happy moments but also some sadness. We have shared both victory and defeat. Through it all we have become wiser and hopefully happier.

"Always remember your years in high school because they are the best." These words hold true as each year flashes by in our minds. I only hope that your memories are of the best. I pray for everyone good fortune and challenge you to take advantage of every opportunity which comes your way. May God richly bless you and guide you all your days.

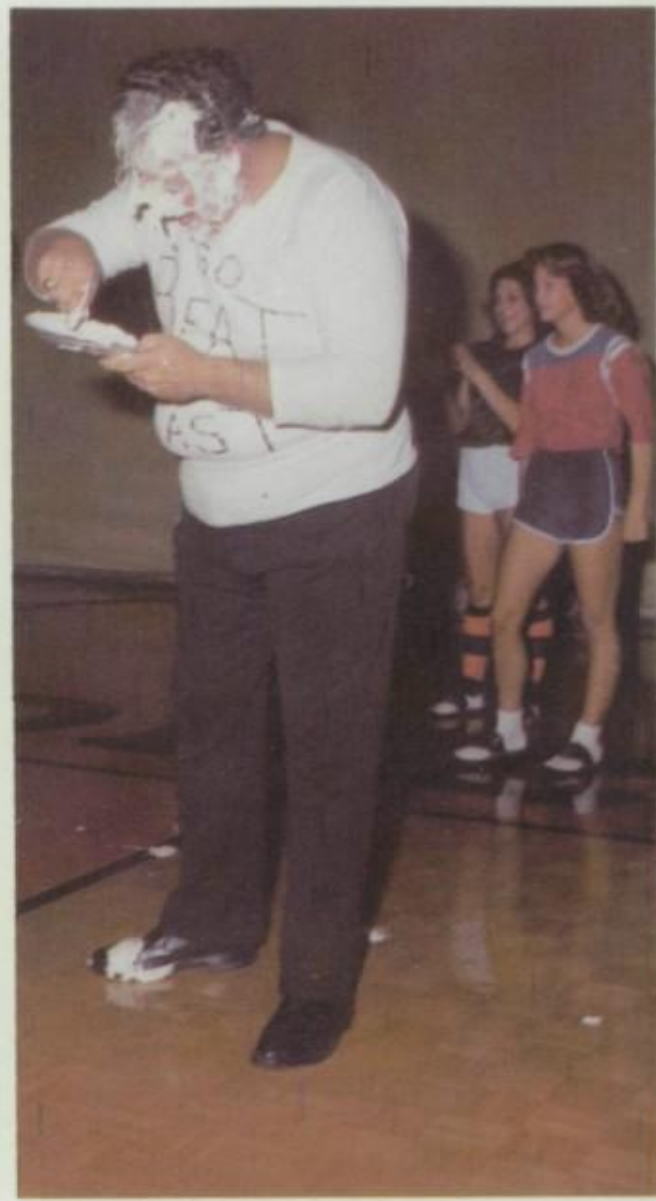

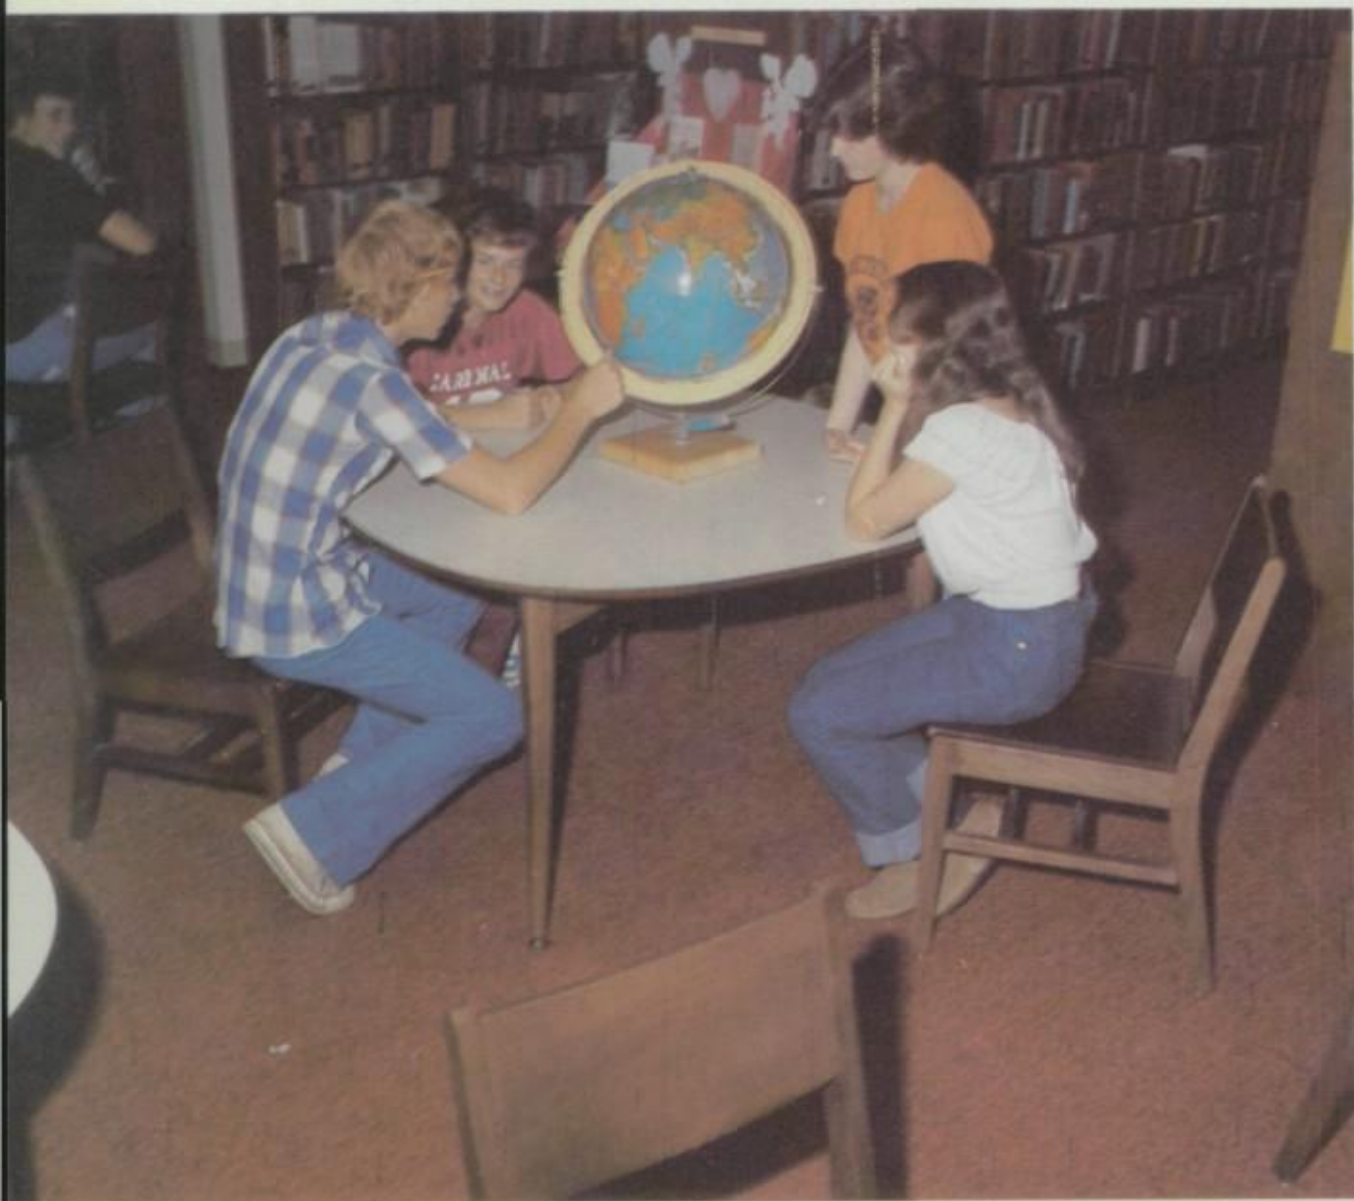

Phil Doriot,
Student Body President

Another year has come and gone. The 1978-1979 school year is now nothing but a majestic memory. In these pages we have recorded some of the most cherished moments of the past school year. May the memories of these moments, lighten your hearts and remain with you always.

The Staff and I would like to present to you our accomplishments on the fifty-third annual . . . The Cyclone '79

Sir Isaac Newton, one of the greatest names in the history of human thought, when he was eighty years old, said he had been like a child spending a day at the beach and gathering a few pretty pebbles while all before him spread the vast ocean of the unknown.

As you go out from Elizabethton High School, may you think more of the work ahead rather than what you have accomplished. May you think more of the things which wait to be discovered rather than the things you have learned thus far. As you gather pebbles from the beach, may you remain ever mindful of the vast ocean spread all before you.

Sam P. Sentelle, Principal

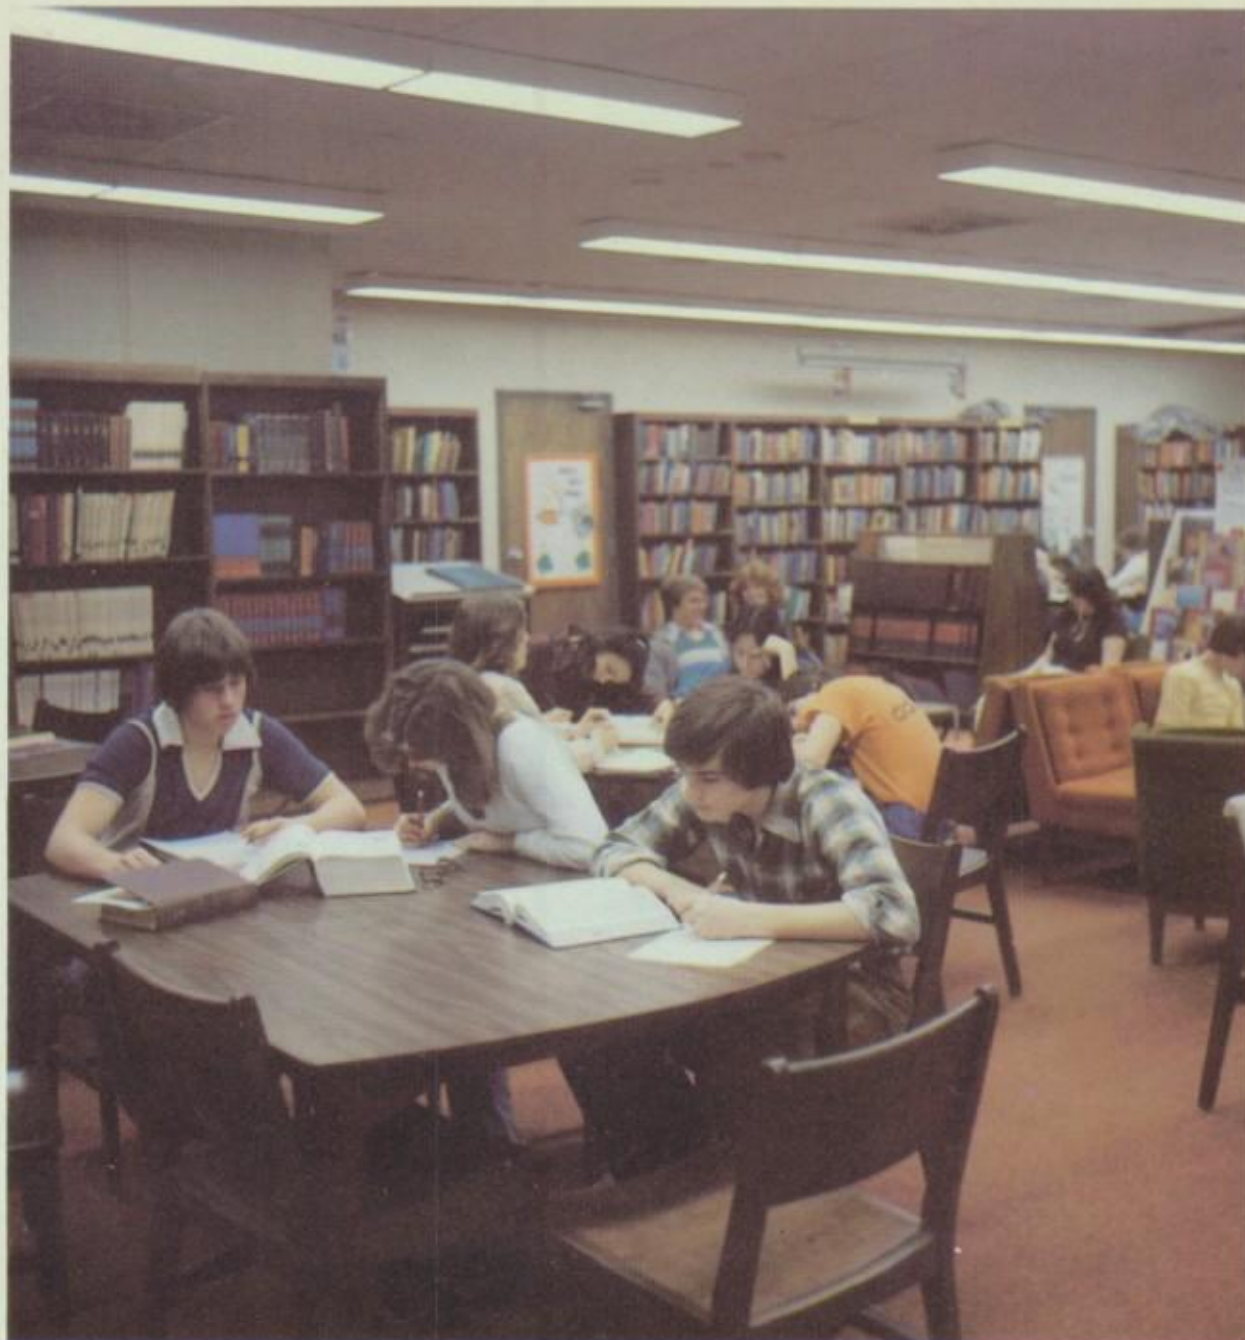

The concern and willingness for the students at our high school is what makes Mr. Robert Burrow one of the most respected teachers at Elizabethton High.

He dedicates much of his free time to the preparation of the annual.

With deep appreciation for such devoted service, the Annual Staff proudly dedicates the 1979 E.H.S. Annual to Mr. Robert Burrow.

Kevin,
I am so glad that
you and I were so
close this year because
you a real true friend
that I have enjoyed knowing
you this past. I hope next
year will be even more fun.
Remember the library and all
the other fun things. Good luck

To a Best Friend,
I am really, really, really
glad that I got to know you
this year and I hope that we can
get closer in future nearness. You are
a really good friend and I hope that
you don't hold a grudge against me
for being such a blue meanie as
a stage manager in the play.
Good luck with the girls and I hope
all of your weird little hopes
and dreams come out all right!
You're a real friend and have helped
me solve a lot of problems.

Kevin,
Well my friend, I'll only
see you this year, then,
no more. You've got a
great little noped there.
I hope you like your

you. Don't ever forget
all of the good times
we had in Civics. Stay
the way you are.

Love ya,
Patty

Kevin, you are a
real nice guy friend
and a good friend.
I hope we will
stay friends.
Sandy
and Lee

Kevin,
So a real great guy. I'm
really glad I got to know you
this year and I hope we can
continue to be friends throughout
high school. I had loads of fun
last year in the library. It was
really a lot of laughs. This
year will be fun too if we ever
get ~~into~~ the group organized.
Well, good luck this year
and for many years to
come. Stay sweet.
Love ya,
Mona

Kevin,

Well we had a bumpy year this year. But as they say we made it ~~it~~. I'm awfully glad we made it too. I'm glad you ask me to go see Star Wars. And yee I still like it very much. I have always cherished the fact that we are close and have stayed that way. We have always been good friends (That's the way I like it too, even though you don't believe me sometimes). Except when we had a little roughness over Melissa which scared me to death because I thought I had lost you as a friend and close companion. I have always trusted you with my very life. I have told you things that would get me shot and you never breathe a word of it and I'm grateful. (Sorry I don't have an eraser mate) You know it very scary how ~~so~~ we are so much alike. It's scary to think of some of things we have done. I love the get togethers of the whole group but I also like the times we have with just the 2 of us. Like getting together at each others house or going to town or going to the movies. I hope maybe the two of us and 1 or 2 others can go to the beach or somewhere next summer. I wish just the 2 of us could afford to go by our selves and just get away from it all. It would be nice. I hope I have my Mustang by then but if I go we will have to take the Cordoba. But we have another school year to go before next summer but we will

have to start planning ahead to be able to go.
I just want to say that I think of you as a
very close friend and companion that I hope we will
always be close and never go very far from each other
I hope this coming school year brings us closer
and that we will always cherish memories of all
the good and the made up bad times. I know
there are probably more things I could say but
I don't always remember everything. May God
bless you as I know he has. And remember,
this little saying "Go For It" it will get you things
you never dreamed possible. Because nothing is
impossible. Friends forever and may we forever be
as we are now.

Love as a friend, companion
and brother.

Boy David sure is a sweet--
a page and 1/2. This note is to
a sweet, skinny guy who I think
is a really terrific person. Remember
Swimming, lunch, studying Anatomy
at my house-- we didn't accomplish
much! I'm sorry this is messy--
they keep bumping my chair!! →

Hi again... Our little group will
never be the same again. I
better go. Love ya,

Donna
😊

Kevin,

I will always remember the good
times we had in Science. Mrs.
Goddard was always so crazy.
This year I have Mr. Goddard
(Oh NO!) + he's even crazier
than she is - if that is
possible. I will always remember
you as my friend & I hope
you will do the same.

Love Ya!

Kevin,

Well this year is started and last year is gone. Although the year '79 is gone don't let the memories go either. We had lots of fun last year in Algebra with Mr. Hyder. You be good in the years to come which will be very hard for you. Good luck!

class of '82! A friend Always

Wow, good-looking!
Hey, I've been up had some work but
what'sa we're the P&S can still
I think in telling because I still
difficulties a bit. Because not feel you're
I've got out might hope. You're
them. You I can only hope. Personalities
you. I can take for
the same. I really try to
be a really good attempt.
Get that you love
stay anything
anything
I have a
